

## **Assured Steel Certification**

Our Ref: APP 4263-884

25 January 2023

Mr Andrea Oliva Director Officine Tecnosider Via Jacopo Linussio San Giorgio Di Nogaro Udine 33058 Italy

Dear Mr Oliva

CARES assessment 4263 – UKCA marking to EN 10025-1:2004 – assessed under the terms of the signed reciprocal agreement between RINA, Italy, EU (NB 0474) and CARES (UK AB No 1244)

I am pleased to inform you that the assessment undertaken by CARES as part of the above reciprocal agreement between the above EU Notified Body (EU NB) and UK CARES has been successful.

The EU NB has presented sufficient FPC audit information and evidence for CARES to determine that the Factory Production Control (FPC) requirements of EN 10025-2:2019, EN10025-3:2019 and EN10025-5:2019 including Annex ZA have been met, including the manufacturer's testing results as presented by the EU NB to CARES.

The Certificate of conformity of factory production control is enclosed. As the manufacturer you are required to prepare the declaration of performance (DoP), in accordance with Annex ZA, which includes a reference to the Certificate of conformity of factory production control. This DoP shall also be in accordance with Articles 4 and 6 of the Construction Products Regulation 2011 (retained EU law EUR 305/2011) as amended by the Construction Products (Amendment etc.) (EU Exit) Regulations 2019 and the Construction Products (Amendment etc.) (EU Exit) Regulations 2020. Article 66 refers to transitional provisions in relation to the repealed Council Directive 89/106/EEC.

Regarding the supply of the declaration of performance (DoP), Article 7 - Supply of the declaration of performance - of the above Regulation (EU) No. 305/2011 as amended shall also apply.

The UKCA marking shall be affixed to those construction products for which the manufacturer has drawn up a declaration of performance in accordance with Articles 4 and 6 of the above Regulation (EU) No. 305/2011, as amended.

Details of the UKCA mark and its use and application are given in the UK Government website <a href="https://www.gov.uk/guidance/using-the-ukca-marking">https://www.gov.uk/guidance/using-the-ukca-marking</a>

**Independent Impartial Trusted** 

Page **1** of **2** 

## **Assured Steel Certification**

Where applicable, the declaration of performance (DoP) should be accompanied by information on the content of hazardous substances in the construction product in order to improve the possibilities for sustainable construction and to facilitate the development of environment-friendly products.

Information on the content of hazardous substances should initially be limited to substances referred to in Articles 31 and 33 of Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). This EU REACH Regulation has been brought into UK law under the European Union (Withdrawal) Act 2018.

You should be made aware that under the terms of the reciprocal agreement that if your certification by the above EU NB is withdrawn by them during the course of this agreement then this may adversely affect the validity of the attached certificate.

Please find enclosed your Certificate of conformity of factory production control and do not hesitate to contact this office should you require any further assistance.

Yours sincerely

Ayhan Tugrul **Chief Operating Officer** 

Enc.

# Certificate of Conformity of the Factory Production Control Page 1 of 3

In compliance with the Construction Products Regulation 2011 (retained EU law EUR 305/2011) as amended by the Construction Products (Amendment etc.) (EU Exit) Regulations 2019 and the Construction Products (Amendment etc.) (EU Exit) Regulations 2020, this certificate applies to the construction product:

# UK Conformity Assessed (UKCA) - Certificate of Conformity as stated on the attached appendix

Placed on the market under the name of

### Officine Tecnosider

and produced in the manufacturing plant(s) at

Via Jacopo Linussio, San Giorgio Di Nogaro, Udine, 33058, Italy

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard(s)

#### BS EN 10025-1: 2004

under system 2+ are applied and that the factory production control fulfills all the prescribed requirements set out above.

Page 2 of this certificate details the harmonised product standard and product parameters and shall form a part of this Certificate.

This Certificate will remain valid as long as the test methods and/or factory production control requirements included in the harmonised standard used to assess the performance of the declared characteristics, do not change, and the product and the manufacturing conditions in the plant are not modified significantly. This Certificate is uncontrolled when printed. To check the validity of this Certificate please scan the above Static QR Code with the CARES Cloud App or contact us on +44 1732 450000.

## RA UK CPR 02 Hot rolled products of structural steels to BS EN 10025

## Scope of certification:

UK Conformity Assessed (UKCA) - Certificate of Conformity for the products as stated below: Hot rolled structural steel products for metal building structures or in composite concrete structures according to EN 10025-1:2004 for Hot rolled steel plates from slabs to the following standards:

BS EN 10025 Part 2: 2019 - Non-alloy structural steels up to the the thickness as detailed in parenthesis for the following grades 15mm thick for the following:

S235 JR (120mm) S235J0/J2 (80mm), S275 JR (127mm), S275J0/J2 (80mm), S355JR/J0 (150mm) and S355J2/K2 (200mm).

BS EN 10025 Part 3: 2019 - Normalized/normalized rolled weldable fine grain structural steels up to the thickness as detailed in parenthesis for the following grades: S355N/NL (150mm) and S355J2/K2 (200mm):
